PAFA Student Identification Photos

Please follow the instructions below. Once you have taken your photo, email it to Morgan Hobbs, mhobbs@pafa.edu as soon as possible and we will have your ID printed to pick up during Orientation!

**Good**

**Suggestions for a successful photo submission**

*Your submitted photo should be very similar to a Passport Photo.*

1. Take a new and current photo with a cell phone or digital camera
2. Stand in front of a **plain white background** such as a plain white wall
3. Face completely forward and look at the camera
4. Take a head shot - do not go below your shoulders or crop off the top of your head. We will resize the image if necessary when we receive it to fit your ID.
5. Take a solo picture with no other people in the shot

**Bad**

**Practices to avoid when uploading a picture**

1. Do not use a photo from a social networking site such as Facebook or Twitter
2. Do not stand outside
3. Do not wear a hat or sunglasses
4. Do not take a picture by pointing the camera at the mirror
5. No Selfies!
