## **Introduction**

*From Jimmie Greeno III, Vice President of Safety and Security*

The Department of Safety and Security welcomes you to PAFA. Safety is our highest priority. This report is prepared in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act and is intended to disseminate important information to the PAFA community. Crime statistics include those reported to local police, security, and designated campus officials. With this publication, it is our intent to communicate not only mandatory information, such as crime statistics, but also to inform current students and employees and assist prospective students and their families in the decision-making process of selecting a college or university by describing the many ways in which we strive to keep this community safe.

At PAFA, the safety and well-being of our students, faculty, and staff are our top priorities. PAFA's campuses and the surrounding areas are safe and have an extremely low crime rate. We take great pride in this fact and in all of our public service accomplishments.

We hope you find this report informative and helpful, and that your stay at PAFA will be enjoyable and safe. If you have any questions or would like further information about safety and security at PAFA, please contact us at 215-972-2067.

## **Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act**

(also known as the Clery Act)

The Clery Act is a consumer protection law passed in 1990 that requires all colleges and universities receiving federal funding to share information about crime on campus and their efforts to improve campus safety as well as inform the public of crime in or around campus. Specifically, the Clery Act requires colleges and universities to:

- Publish an annual report every year by Oct. 1 that contains three years of campus crime statistics and certain campus security policy statements.
- Publish crime statistics for the campus, public area immediately adjacent to or running through the campus, and certain noncampus facilities.
- Issue campus alerts to provide the campus community with information necessary to make informed decisions about their health and safety. We issue a timely warning for any Clery Act crime that represents a serious or continuing threat to students and employees, and we also issue emergency notifications upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus.
- Make available for public inspection a daily public crime log of “any crime that occurred on campus and is reported to the campus security.”
- Submit the collected crime statistics to the Department of Education each fall.

PAFA has vested interest in campus security and the personal safety of its students and employees. The following pages contain specific information, including crime prevention, law enforcement authority, crime reporting policies, disciplinary procedures and other matters of importance related to security and safety on campus. This report also contains information about campus crime statistics.

Members of the campus community are encouraged to use this report as a guide for safe practices on and off campus. The report is available on the Internet at <http://www.pafa.org/about/security-safety> . Every member of PAFA receives an email that describes the report and provides its website address. For more information, contact the Vice President of Visitor Experience and Events Management at 215-972-2067.

## **The Department of Safety and Security**

### Who we are

Located at 128 N. Broad Street, the Department of Safety and Security is open and officers are on patrol 24 hours a day, 265 days a year. The telephone number for emergency calls from a PAFA phone is extension 2083 – off campus or from a cell phone it is 215-972-2083. The telephone number for routine business calls on or off campus is 215-972-2073.

The department consists of contracted security professional dedicated to providing the best service to the community. Our nonsworn officers patrol the campus on foot. Several officers and a supervisor are on duty 24 hours a day, seven days week. The Control Room is continuously staffed with trained officers who answer calls for service, dispatch officers and other emergency personnel to incidents and monitor intrusion detection and fire alarms. The department also employs students who carry out a variety of roles.

Nonsworn security officers are empowered by the institution to enforce PAFA regulations. Security officers who patrol the campus are primarily responsible for building security, exterior security and event security. Nonsworn security officers do not have the authority to make arrests.

## **Crime reporting policy**

The Pennsylvania Academy of the Fine Arts depends on its faculty, academic professionals, staff and students to report any illegal activity in a timely manner. The department of safety and security encourages accurate and prompt reporting of all crimes to the campus security and the appropriate police agency, whether the victim of a crime elects to or is unable to make such a report.

**No retaliation.** Good faith reporting of suspected illegal activity is encouraged and is viewed by PAFA as a service; such reporting will result in no retaliation of any kind.

## **Contacting the PAFA Department of Safety and Security**

PAFA members filing or with questions about criminal complaints should contact the Department of Safety and Security at 215-972-2073. The officers' primary concern will be the safety of the victim. Reporting the incident to the department does not mean that a victim must file criminal charges.

## **Campus Security Authority**

Certain individuals at PAFA have a separate and additional responsibility under federal law to inform the safety and security department of specified on-campus crimes witnessed by them or reported to them. These individuals are known as Campus Security Authorities (CSA). A CSA is defined as an individual to which students and employees should report criminal offenses, as well as an official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. PAFA has identified the individuals who meet this criteria and has informed them of their responsibilities. Their responsibility is to annually disclose accurate and timely crime statistics.

## **Timely warning notices / Campus Safety Alerts**

The Safety & Security Office has a responsibility to provide timely warnings about reported crimes to the campus community in a manner that will aid in the prevention of similar crimes.

### The Decision to Issue a Timely Warning:

1. A warning must be issued when both of the following conditions are met: (1) arson, aggravated assault, criminal homicide, robbery, sex offenses, illegal weapons possession, burglary, motor vehicle theft, or any crime determined to be a hate crime is reported to PAFA Security Department or other campus security authorities, and (2) the crime is considered by PAFA to represent a continuing threat to students or employees.
2. A warning may be issued regarding other crimes as deemed necessary by PAFA Security.
3. The Vice President of Safety and Security, or his designee, is responsible for making the decision whether a timely warning will be issued.

### Determining Whether a Continued Threat Exits:

1. Whether a reported crime constitutes a continuing threat must be decided on a case-by-case basis in light of all the facts surrounding a crime, including factors such as the nature of the crime, the continuing danger to the campus community and the possible risk of compromising law enforcement efforts.
2. Examples of crimes that could constitute a continuing threat include but are not limited to:
  - a. a serial crime that targets certain campus populations such as sex crimes or race-based crimes in which the perpetrator has not been apprehended; or
  - b. a crime in which there is no apparent connection between perpetrator and victim and the perpetrator has not been apprehended.
3. Crimes that would not constitute a continuing threat include but are not limited to:
  - a. crimes in which the perpetrator has been apprehended, thereby neutralizing the threat; or
  - b. crimes in which an identified perpetrator targets specific individuals to the exclusion of others, such as domestic violence

### Content of the Warning Notice:

1. The warning must contain sufficient information about the nature of the threat to allow members of the campus to take action to protect themselves, such as:
  - a. a succinct statement of the incident;
  - b. possible connection to previous incidents, if applicable;
  - c. physical description of the suspect;
  - d. composite drawing of the suspect, if available;
  - e. date and time the warning was released; and/or
  - f. other relevant and important information.
2. In some cases, law enforcement may need to keep some facts confidential to avoid compromising an investigation.

### Timing of the Warning:

1. In an immediate and serious threat, e.g., an active shooter on campus, a warning may need to be issued immediately with few facts and then be continually updated until the threat is contained or neutralized.
2. If a threat that is less immediate, the warning can go out later after facts are more fully developed.

### Method of Distribution:

1. The warning must be distributed in a manner reasonably likely to reach the entire campus community.
2. Depending on the circumstances, any of the following methods, or combination thereof, may be used:
  - a. posting of notices;
  - b. campus-wide emails;
  - c. text messages;

## **Emergency Notification**

The Vice President of Safety and Security (or his designee) or other Senior PAFA Officials will, without delay, utilize the emergency notification system to issue an **immediate notification** to the campus community upon first responder\* confirmation of any emergency or dangerous situation that poses an ongoing or continuing threat to the health or safety of the campus community. The nature of the incident will determine which of the following methods will be employed:

- **Blackboard Connect mass notification system** via voicemail, e-mail, and/or text message
- **PAFA Safety & Security website** <http://www.pafa.org/about/security-safety>

The notification will be sent to all students, faculty, and staff in the PAFA community (or an appropriate segment of the community if the event is limited to a defined area of the campus) using the Connect 5 system unless issuance of

the notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or contain, respond to, or otherwise mitigate the emergency. The content of the message will vary dependent on the situation, but will typically include the incident time, location, type, and recommended actions for safety.

**The Blackboard Connect system will be activated on a case-by-case basis.**

In the event of a major emergency affecting the campus, a warning will be issued using any combination of the systems available for emergency notification. If the telephone system is activated, a message will be sent to the telephone number PAFA faculty, staff and students have registered with security. If the e-mail notification system is activated, the message will be sent to PAFA e-mail accounts or other accounts as indicated by the settings in one's personal profile.

**Follow the directions of Blackboard Connect messages** *unless doing so will place you in greater danger.* Connect warnings are intended to support decisions for personal safety. *When you become aware of a warning, make sure others around you are also aware of the potential danger.*

**DO NOT respond to the scene of an emergency** unless directed to do so. In addition to the possibility of becoming injured, your presence could interfere with the work of emergency response personnel.

## **DAILY CRIME LOG**

The Security Department maintains a Daily Crime Log that records, by the date the incident was reported, all crimes and other serious incidents that occur on campus, in a non-campus building or property, or on public property.

The Daily Crime Log is available for public inspection at the Hamilton Building's Lenfest Plaza entrance. The Daily Crime Log includes the nature, date, time, and general location of each crime reported to the Security Department, as well as the disposition of the complaint, if this information is known at the time the log is created.

The Security Department posts specific incidents in the Daily Crime Log within two business days of receiving a report of an incident and reserves the right to exclude reports from the log in certain circumstances.

## **Crime Prevention Education and Awareness**

PAFA's Department of Safety and Security stresses the importance of crime prevention. During orientation week, we offer crime prevention information to incoming students.

Throughout the year, the Director of Safety and Security offers literature on crime prevention. Safety and security information and training are continuously provided to students, staff, and faculty through bulletins and crime alerts.

## **Programs to Enhance Personal Safety**

The Department of Safety and Security coordinates several innovative programs to enhance personal safety through education and awareness.

## **CRIME PREVENTION SEMINARS**

These interactive presentations are given during student and employee orientations and are also available to any group upon request. They provide vital information on how to reduce the likelihood of being a crime victim.

## **CENTER CITY SHUTTLE PROGRAM**

The program consists of a shuttle van providing transportation to nearby public transportation hubs, Stiles Hall and around Center City Philadelphia at (10:15 p.m. & 11:15 p.m.), Monday through Friday.

## **SECURITY SURVEYS**

These surveys are conducted on a regular basis with other members of the PAFA community. The primary goal of these surveys is to identify areas of the campus that may present vulnerabilities to one's safety. The Security Department works with the operations department to address concerns noted in the surveys.

## **Fire Prevention Information**

All buildings have smoke detectors and sprinkler systems installed and a Fire Alarm Control Panel. There are smoke detectors in each student studio as well as in common areas. These are connected to the central alarm system, which, in turn, is connected to the Security Department.

The Operations and Security Department conducts four fire drills (evacuations) for the Samuel M.V. Hamilton Building and two fire drills for the Historic Landmark Building during the academic year. PAFA requires complete evacuation of buildings during a fire alarm.

## **Preventing and Responding to Sex Offenses**

The Pennsylvania Academy of the Fine Arts (PAFA) is committed to maintaining a safe learning and work environment that is free of sexual and gender-based discrimination and harassment, including sexual assault, sexual exploitation, domestic violence, dating violence, stalking, and related retaliation. These policies are intended to ensure compliance with Title IX of the Education Amendments of 1972 (Title IX), the Violence Against Women Act (VAWA), and related state-and federal-law. Title IX prohibits discrimination based on sex in educational programs and activities that receive federal financial assistance. VAWA, as amended, explicitly prohibits sexual assault, dating violence, domestic violence, and stalking that occurs at or adjacent to certain areas on campus.

Any individual who believes that he or she has been subjected to or witness to, or are otherwise aware of, behaviors that violate this Policy is strongly urged (but not required) to report such conduct immediately to PAFA's Security Department at (215) 972-2083 and/or the local police (911). If the Complainant so desires, the Security Department will assist him/her in contacting the local police.

Individuals who believe that they have been subjected to or witnesses to, or are otherwise aware of, behaviors that violate this Policy are encouraged to seek the advice of PAFA's Title IX Coordinator, Lisa Biagas.

## **Sex Crimes Prevention Act**

The federal Campus Sex Crimes Prevention Act requires institutions of higher education to issue a statement advising the campus community where information concerning registered sex offenders may be obtained. In Pennsylvania, this information is accessible at <http://www.pameganslaw.state.pa.us/>.

When viewing the information on this website, please be advised that:

The information contained on this website has been provided by the registrant and/or other entities.

Some of the information contained on this website may be outdated or inaccurate.

This website is not a comprehensive listing of every person who has ever committed a sex offense in Pennsylvania.

The only way to positively identify a person posted on the website as a sex offender is to compare the offender's fingerprints against the fingerprints taken at the time of arrest or incarceration.

If you have a reasonable belief that any of the information on this website is outdated or incorrect, please contact the Megan's Law Section of the Pennsylvania State Police toll free at 1-866-771-3170.

7. Report to emergency responders any individual who have been injured or left behind.
8. Do not re-enter the building until the all-clear is given by official announcement.

**What is an evacuation emergency?**

In most cases, evacuations apply only to the buildings that are immediately affected. In some cases, such as local terrorism, flooding or earthquake, the evacuation could apply to the entire campus. Some potential causes for emergency evacuations may include but are not limited to: a major fire or explosion, hazardous materials release, chemical/biological/radiological spill, structure failure, asbestos release, bomb threat, weapons, or an aircraft collision with a building.

**Sever or Inclement Weather Procedures.** Students, faculty and staff should follow the below procedures in the event of a severe or inclement weather warning:

1. You will receive a shelter-in-place announcement.
2. Immediately move indoors.
3. Close all windows and doors to shelter and seal as best you can, using towels, clothes or paper.
4. If there appears to be air contamination within the shelter, place a paper mask, wet handkerchief or wet paper towel over the nose and mouth for temporary respiratory protection.
5. Continue to follow the instructions given by the response authorities.

### **When else it is important to seek shelter?**

The procedure described above for hazardous material releases are known as shelter-in-place procedures. Sheltering-in-place is the use of all designated classrooms and other rooms for the purpose of providing temporary shelter. Shelter-in-place procedures are internationally recognized as standard practices of providing shelter for any of the following reasons: a chemical truck overturning, tornado, chemical train derailment, chemical facility accident, pipeline rupture, terrorist attack, release of biological agents, release of chemical agents, drilling accident, hazardous materials release, or radiological release.

## **REPORTING CRIME STATISTICS**
